OBJECTIVE

IT Fresher with a solid background in software development and web technologies. Quick to learn and adapt to new tools, always eager to embrace emerging technologies. Seeking an entry-level role to contribute to innovative projects and drive growth in the IT industry.

EXPERIENCE

- **IBM Edunent**   *September 2022 - November 2022*
  Front End Intern   Remote
  ◦ I worked as a Front-End Developer Intern at IBM Edunet, where I designed and developed the front end of a webpage using React.js.
  ◦ Implemented Component-Based Architecture to build encapsulated components that manage their own state, making it easier to develop and maintain complex UIs.

EDUCATION

- **Sinhgad Institute**   *2021 - 2024*
  Bachlor's of Engineering- Information Technology   Pune, India
  ◦ CGPA: 8.93.

- **NSC Science College**
  HSC   Nashik, India

- **Scottish Academy English Hign School**
  SSC   Nashik, India

PROJECTS

- **Easy Depo : [Newspaper Distribution Management System]**
  Tools: [React.js, Node.js, MongoDB]
  ◦ Developed a unified and previously non-existent system for seamless transactions between newspaper vendors and distributors. Aiming **40 %** reduction in transaction processing and 70% increase in operational efficiency.
  ◦ Implemented React.js to develop dynamic, efficient, and maintainable user interfaces. Designed the UI with a minimalist approach, ensuring a user-friendly experience tailored to the target audience.
  ◦ Developed a streamlined process for newspaper vendors to easily create requests for newspaper requirements, allowing distributors to receive and respond to these requests efficiently. This solution significantly improved record-keeping accuracy by **90%**, achieved through the use of MongoDB for data management and storage.

- **Employee Payroll System**
  Tools: [Java]
  ◦ Developed Employee payroll system, achieving easy access of Employee's data.
  ◦ Implemented Oops concept, processing Operations on data.
  ◦ Created user friendly UI to Enhances Accessibility.

SKILLS

- **Programming Languages:** Java, Python
- **Web Technologies:** Html, Css, JavaScript, Reactjs, Bootstrap.
- **Database Systems:** SQL
- **Cloud Technologies:** AWS
- **Devloper Tools & Version Control:** Visual Studio Code, Intellej IDE, Git, GitHub
- **Specialized Area:** Operating System(OS), DBMS, Oops, DSA
- **Other :** Agile Development Process, Testing Methodologies, SDLC,

CERTIFICATIONS

- AWS Cloud Practitioner Essentials Completion Certificate   2024
- **Google:** Introduction to GenAi   2024

ADDITIONAL INFORMATION

Interests: Poetry Writing, Guitar, Volleyball, Cooking.
