## EDUCATION

- **Sinhgad Institute** 2021 - 2024  
*Bachelor's of Engineering- Information Technology*  
◦ CGPA: 8.93. Pune, India
- **NSC Science College**  
*HSC 63%* Nashik, India
- **Scottish Academy English High School**  
*SSC 76%* Nashik, India

## EXPERIENCE

- **IBM Edunet** September 2022 - November 2022  
*Front End Intern* Remote
  - I worked as a Front-End Developer Intern at IBM Edunet, where I designed and developed the front end of a webpage using React.js.
  - Implemented Component-Based Architecture to build encapsulated components that manage their own state, making it easier to develop and maintain complex UIs.

## PROJECTS

- **Easy Depo : [Newspaper Distribution Management System]**  
*Tools: [React.js, Node.js, MongoDB]*
  - Built a unified and previously non-existent system for seamless transactions between newspaper vendors and distributors. Aiming **40 %** reduction of paper waste, and **70%** increase in operational efficiency.
  - Implemented React.js to develop efficient and maintainable Dashboards for vendors and distributors where distributor can view request of over 100+ existing vendors and distributors vice versa.
  - Created the Inventory Management pages which supports the data of **50+** newspapers and connects over **100+** Newspaper vendors and distributor under same platform.
  - Aiming the solution to significantly improve the record-keeping accuracy by **90%**, achieved through the implementation of MongoDB for data management and storage.
- **Employee Payroll System**  
*Tools: [Java]*
  - Developed an employee payroll system, providing easy access to data for over 300 employees and reducing data retrieval time by **60%**.
  - Implemented **90%** OOPS concept, processing Operations on data.
  - Built a project to streamline service processes, improving communication across 10 departments and reducing paperwork by **75%**

## SKILLS

- **Backend :** Java, Object Oriented Programming, Python
- **Frontend :** HTML/CSS, JavaScript, Reactjs, Bootstrap.
- **Database Systems:** SQL, Excel.
- **Cloud Technologies:** AWS
- **Developer Tools & Version Control:** Visual Studio Code, IntelliJ IDE, Git, GitHub
- **Course Work:** Operating System(OS), DBMS, Cloud Computing, Relational Databases
- **Other Technical Skills :** Software Development Methodologies, Data Structures and Algorithm, Problem-solving skills

## CERTIFICATIONS

- **AWS Cloud Practitioner Essentials Completion Certificate** 2024
- **Google:** Introduction to GenAI 2024

## ADDITIONAL INFORMATION

**Interests:** Poetry Writing, Guitar, Volleyball, Cooking.
